

Quick start guide for model LS5105

Battery installation

Install the battery as shown below.

1. Press the tab and slide the battery compartment cover downwards.
2. Insert the plug as indicated. Make sure it is plugged securely and matches the color-coded label inside the battery compartment.

3. Place the battery with the label **THIS SIDE UP** facing up and the wires inside the battery compartment.
4. Align the cover flat against the battery compartment, then slide it upwards until it clicks into place.

Battery charging

For optimal performance, charge the handset battery for at least 16 hours before use.

NOTE:

Use only the power adapter and battery supplied with your VTech telephone.

Registering a handset

To register a new handset:

1. Place the unregistered handset in the telephone base.
2. Press the **MENU** softkey on the telephone base while in idle mode.
3. Press the **UP** and **DOWN** Navkeys to highlight **Register Handset**, then press the **SELECT** softkey.
 - **Registering Handset** will appear on the telephone base display.
 - **Registration in progress...** will appear on the handset display.
 - The registration process may take up to 90 seconds to complete.

When the registration process is complete, the telephone base and handset will generate a confirmation tone. The newly registered handset will be assigned the next handset registration number.

NOTE:

For complete feature instructions, please refer to your user's manual.

IMPORTANT!

If your product is not working properly:

- Refer to the **Troubleshooting** section of the user's manual.
- Visit our website at www.vtechphones.com or call 1 (800) 595-9511. In Canada, go to www.vtechcanada.com or 1 (800) 267-7377.
